

# Update your Chromebook

---

## Step 1 of 6

When you're connected to the internet, your Chromebook automatically checks for and downloads updates. To check for updates yourself, at the bottom right, select the time.

## Step 2 of 6

Select Settings ⚙️.

### Step 3 of 6

On the left, select **About Chrome OS**.

### Step 4 of 6

Under "Google Chrome OS," you'll see which version of the Chrome operating system your Chromebook is using. Select **Check for Updates**.

### Step 5 of 6

If an update is available, it will start to download automatically.

## Step 6 of 6

After your download is done, select **Restart** to finish the update.

✓ You're all done.

Now you know how to update your Chromebook.
